The plaintiff, is presently housed here at U.S.P. Hazelton, Plaintiff is a Fifty-nine year old Man who is serving a Fifteen year sentence. I go to work every day in food service seven days a week. I am being expose to the Correctional officers whom come to work and supervise inmates in food service up to (21) inmates (25) officers each day in food service, and in the unit housing area. The unit officers, and food service officers some are protected by wearing latex gloves, and others refuse to wear gloves, and masks. As we know the (Covid-19) is airborne, and especially contracted by physical touching, and we the inmate, and plaintiff is pat searched and breathed on each day, and all day. And being force to touch objects that's being touch and been touched by officers. As the World Scientist, and the CDC, and the World renowned Medical doctors herein America has spoken, mention, and clearfield. Where latex gloves, and mask, especially in crowded environments, and each state local, and federal government "ordered" that we be within two to three feet away from each other, and moves in two's and three's.

U.S.P. Hazelton officers will bring in the Coronavirus Covid 19 into the institution prison Population at any given day or moment. The virus has effected and hit around the globe every country, and every city, and state. And when one of these correctional officers bring it here at U.S.P. Hazelton the impact will be so tremendous, that some of us will die, and most of us will suffer a painful illness that the medical staff, and out side surrounding hospitals, and medical centers won't be able to handle the 100,000 cases. That's the Reality. Plaintiff, expresses to the honorable Court that this is a (Contingent)(Liability) ~~and~~ and liability, without (Fault), and most definantly a Joint Liability of the local state government, and the Federal government. This virus Covid 19 Concerning Prisoners, and the U.S. citizens demands from the Courts and from the federal government the Sworn duty, and oath that was sworn by your honor to act upon the humanitarian" Motivated by concerns for human welfare, or act when situation or events that involves (Wide spread)(human suffering), when aid or support is Manditory (required)" on a large Scale. (See: Humanitarian Law of Prisoners.

See: (Civil rights)

Under modern Jurisprudence the civil rights of a person (convicted) of a crime, be it a felony or Misdemeanor are in nowise effected or diminished." See: Alexander Holtzoff, civil rights of criminals in Encyclopedia of criminology.
